CURRICULUM VITAE

PERSONAL DATA

Name	Akintunde Ojutiku, M.A., M.Sc.
Location	Linz, Austria
Email	aojutiku@live.com
Phone	+43 660 636 6659
Work Permit	Red-White-Red Card Plus (valid Dec. 2028)

PROFESSIONAL SUMMARY

AI specialist with experience designing and building ML pipelines, focused on delivering stable, efficient AI systems in production that respect user permissions and either cite their sources or refuse to answer.

EDUCATION

10.2021 – 03.2026 **Master's** in Artificial Intelligence at Johannes Kepler University, Linz, Austria
Machine Learning and Perception | AI for Simulation

10.2016 – 09.2019 **Master's** in Development Studies at the University of Passau, Germany
Sustainability and Resources | Sociology and Politics

09.2009 – 03.2014 **Bachelor's** in Demography and Statistics at Obafemi Awolowo University, Ile-Ife, Nigeria
Demography | Statistics

SELECTED PROJECTS

02.2025 **AI-as-a-Service Layer** — app-agnostic AI platform (Python · FastAPI · RAG · MCP)
Designed and built a modular AI service layer with permission-scoped retrieval, MCP tool orchestration, and answers that cite their source or refuse.

Updated – 2026 **Production Multimodal Retrieval System for Text, Audio, and Video**
Built and deployed a Kubernetes-based retrieval pipeline combining LLM embeddings with RAG.

10.2024 – 06.2025 **TinyStories — Microsoft Research (**AI Practical Work at JKU)
Contributed to developing and evaluating small language models trained on a synthetic corpus for ages 3–9, demonstrating coherent text generation under 10M parameters.

EXPERIENCE

02.2025 – present **AI Solution Architect / Engineer** | Alexio Corporation, Canada (Remote)
Designed and built a modular, application-agnostic AI service layer featuring permission-scoped retrieval, MCP-based tool orchestration, a Golden-set evaluation suite, and request-level tracing.

10.2024 – 06.2025 **Practical Work** | Johannes Kepler University, Linz
TinyStories project (Microsoft Research): Developed and evaluated compact LLMs trained on constrained child-level corpora.

11.2021 – present **Operations Specialist** | IKEA, Haid (Part-time)
Assisting cross-functional teams and applying Lean processes across the fulfilment and product lifecycle for quality delivery.

10.2020 – 09.2021 **Fulfilment Associate** | Amazon MUC3, Germany
Managed fulfilment operations in a high-volume logistics environment.

02.2014 – 03.2016 **Data Scientist |** University of Calabar, Nigeria
Supported data governance and privacy compliance across faculties, managing core data infrastructure and ensuring reliable access to institutional datasets.

SOFT SKILLS

Communication • Leadership by example • Problem solving • Team collaboration

HARD SKILLS

AI & LLM Architectures	RAG Pipeline • Hybrid Search (Dense + BM25 / RRF) • Model Context Protocol (MCP) • PydanticAI • LiteLLM • LangChain
Backend	Python • FastAPI • PostgreSQL + pgvector • Redis • REST/OpenAPI • Row-level Access Control • Java
Evaluation & Guardrails	Golden-set evals • Groundedness & citation gating • Typed contracts (Pydantic) • pytest • OpenTelemetry GenAI tracing
Cloud & DevOps	Microsoft Azure • AWS • Databricks • Docker • Kubernetes • Linux • CI/CD
Governance & Compliance	EU AI Act • GDPR Data Governance
Machine Learning	PyTorch (CNN • RNN • xLSTM • Transformers) • Classification • Regression • XGBoost • SVM • Random forests • Clustering • PCA • ICA • **Deep RL** (PPO • DQN) • **Computer Vision (**3D Image reconstruction • Optical flow • Image detection & segmentation**)**

CERTIFICATIONS

International Project Management, University of Passau, Germany

Authentic Leadership, University of Passau, Germany

Lean Six Sigma Yellow Belt, Technical University of Munich

PUBLICATIONS

xLSTM for Bi-directional Protein Modelling under resource constraints, Hochschulschriften, Johannes Kepler University, 2026
