CURRICULUM VITAE

PERSONAL DATA

Name	Akintunde Ojutiku, M.A., M.Sc.
Location	Linz, Austria
Email	aojutiku@live.com
Phone	+43 660 636 6659
Work Permit	Red-White-Red Card Plus (valid Dec. 2028)

PROFESSIONAL SUMMARY

AI and data specialist with a background in data science, data governance, and AI engineering. Experienced in developing AI backend services, retrieval pipelines, and secure data-access workflows, with a focus on data quality, traceability, and reliable system behaviour. Combines a Master's degree in Artificial Intelligence with earlier experience supporting institutional data infrastructure and privacy compliance. Interested in building reusable, secure, and scalable data foundations for AI development.

EDUCATION

10.2021 – 03.2026 **Master's** in Artificial Intelligence at Johannes Kepler University, Linz, Austria
Machine Learning and Perception | AI for Simulation

10.2016 – 09.2019 **Master's** in Development Studies at the University of Passau, Germany
Sustainability and Resources | Sociology and Politics

09.2009 – 03.2014 **Bachelor's** in Demography and Statistics at Obafemi Awolowo University, Ile-Ife, Nigeria
Demography | Statistics

SELECTED PROJECTS

08.2026 **AI-as-a-Service Layer — app-agnostic AI platform** (Python · FastAPI · RAG · MCP)
Designed a modular AI service layer with permission-scoped retrieval, MCP tool orchestration, task-based model routing and answers that cite their source or refuse.

Updated – 2026 **Multimedia Retrieval & Recommender System (**Docker · Kubernentes · CI/CD)
Built and deployed a retrieval and recommender pipeline for text, audio and video using LLM embeddings with Kubernetes deployment.

EXPERIENCE

07.2025 – 01.2027 **AI Engineer** | Alexio Corporation, Canada (Remote)
Develop AI backend services integrating LLMs, APIs, retrieval pipelines, and tool calling.
Implement access-controlled workflows, error handling, evaluation, and monitoring to improve system reliability.
Design reusable components and interfaces that support secure data access and integration with existing systems.

10.2024 – 06.2025 **Practical Work** | Johannes Kepler University, Linz
TinyStories project (Microsoft Research): Developed a synthetic data corpus and evaluated compact LLMs trained on constrained child level corpora.

11.2021 – present **Operations Specialist** | IKEA, Haid (Part-time)
Assisting cross-functional teams and applying Lean processes across the fulfilment and product lifecycle for quality delivery.

02.2014 – 03.2016 **Data Scientist |** University of Calabar, Nigeria
Supported data quality processes to improve the reliability and consistency of data.
Contributed to data governance and privacy compliance across university faculties.
Assisted with the institutional information system and supported reliable access to institutional datasets.

SOFT SKILLS

Communication • Leadership by example • Problem solving • Team collaboration

HARD SKILLS

AI & LLM Architectures	RAG Pipeline • Hybrid Search (Dense + BM25 / RRF) • Model Context Protocol (MCP) • PydanticAI • LiteLLM • LangChain
Backend	Python • FastAPI • PostgreSQL + pgvector • Redis • REST/OpenAPI • Row-level Access Control • Java
Evaluation & Guardrails	Golden-set evals • Groundedness & citation gating • Typed contracts (Pydantic) • pytest • OpenTelemetry GenAI tracing
Cloud & DevOps	Microsoft Azure • AWS • Databricks • Docker • Kubernetes • Linux • CI/CD
Governance & Compliance	EU AI Act • GDPR Data Governance
Machine Learning	PyTorch (CNN • RNN • xLSTM • Transformers) • Classification • Regression • XGBoost • SVM • Random forests • Clustering • PCA • ICA • **Deep RL** (PPO • DQN) • **Computer Vision (**3D Image reconstruction • Optical flow • Image detection & segmentation**)**

CERTIFICATIONS

International Project Management, University of Passau, Germany

Authentic Leadership, University of Passau, Germany

Lean Six Sigma Yellow Belt, Technical University of Munich

PUBLICATIONS

xLSTM for Bi-directional Protein Modelling under resource constraints, Hochschulschriften, Johannes Kepler University, 2026
